SUMMARY

Results-driven Flutter Developer with a proven track record of building high-performance, cross-platform mobile applications. Skilled in creating intuitive and responsive UI/UX experiences using Flutter and Dart. Experienced in integrating RESTful APIs and Firebase services to develop scalable, real-time mobile solutions. Passionate about clean architecture, continuous learning, and delivering user-centric applications that meet business goals.

TECHNICAL SKILLS

Languages: Dart, JavaScript
Front end: Flutter, React Native, HTML, CSS
Tools: VS Code, Android Studio, GitHub, Jira, Figma, Firebase, Cursor

EXPERIENCE

Software Engineer | Nov 2023 – May 2025
Dexplat Technologies | *Remote*
Developed high-performance cross-platform applications using **Flutter/Dart**, emphasizing intuitive UIs with **state management (Bloc, Provider)** and **clean architecture**. Integrated backend services including **Firebase (Firestore, FCM, Auth, Storage)** and **REST APIs**, and built **custom in-app notification systems**. Ensured **web responsiveness**, managed **URL-based navigation**, and contributed to scalable, maintainable codebases. Applied strong **problem-solving** and **adaptability** to meet deadlines in a dynamic environment.

Flutter Intern | Jul 2022 – Sept 2022
Brinytoons | *NSTP, Nust Islamabad*
Assisted in **UI development** for mobile applications using **Flutter**. Gained hands-on experience with **Dart programming** and the **Flutter widget lifecycle**. Collaborated with the development team on **bug fixes** and **feature enhancements**.

PROJECTS

TinyTime Kids Learning App | **Flutter**, **Dart**, **Firebase (Storage, Auth)**, **Bloc**, **UI/UX Design**
Designed and developed a **UI/UX** focused mobile learning application for kindergarten children using **Flutter**. Implemented **Firebase** for backend services including **Storage** for media assets and **Authentication** for user management. Utilized **Bloc** for efficient **state management** throughout the application.

Food Delivery App (Front-end) | **React Native**, HTML, CSS
Developed the **front-end interface** for a food delivery mobile application using **React Native**. Focused on creating a user-friendly browsing, ordering, and checkout experience. Utilized **HTML** and **CSS** for specific web-view components or styling within the React Native framework.

EDUCATION

COMSATS University | Wah Campus
B.S. in Computer Science, Software Development | *Sept 2019 – June 2023*

OTHER EXPERIENCE

Small Business Owner / Social Media Manager | 2019 – 2021
The Seasoning Corner (Entrepreneurial Venture) | *Home-Based*
Founded and managed a small **food business**, handling **operations**, **marketing**, and **customer relations**. Developed and executed **social media strategies** to build brand awareness and drive sales.
